PROJECTS

Dental Procs

React - TypeScript - TailwindCSS - Node - Prisma- MySQL

youtube website github

A specialized application designed for dentists to monitor the most performed procedures in their clinics and track performance trends over time.

- Complex data system implemented with Day.js library.
- Accessible design system using RadixUI library.
- Data validation with Zod library.
- Modern pie chart created with ApexCharts library.

Watch Store

React - Redux - TypeScript - TailwindCSS

youtube website github

A modern watch store website created with React, Redux and TailwindCSS.

• Use Redux Toolkit for state management.

Oh My Donuts

HTML - CSS - JavaScript - Node - Express

youtube website github

A Vue app for easily placing and managing donut orders, featuring reusable form components and custom SASS-styled buttons.

• Vuex for smooth state management.

React-form

Vite - React -TypeScript - ChakraUI - Firebase

youtube website github

A registration form created with React and Typescript using

React-Hook-Form library for form validation. It's integrated with ChakraUI and with Realtime Database from Firebase.

- Password strength meter.
- Light / Dark mode.

WORK EXPERIENCE

100Devs Full Stack Software Engineer

Jan 2024 - Present

- Developed responsive web applications using HTML, CSS, JavaScript, React, and Node.js.
- Collaborated on user-friendly feature design for optimal performance and usability.
- Contributed to code reviews and ongoing development in front-end and back-end.

GAP digital Full Stack Software Engineer

Feb 2021 - Dec 2023

- Developed full-stack client projects using technologies like React, TypeScript, Next, Java.
- Worked with clients to understand their needs and create user-friendly designs.
- Ensured optimal performance and code quality throughout the development process.

ABOUT ME

A dedicated front-end developer who also has a solid knowledge of back-end technologies. One of my strongest qualities is my ability to effectively tackle and solve problems, a skill I honed through programming. Find more about me and all my projects in my Portfolio.
